

**FROM OVERHEAD TO UNDERGROUND, HAWKEYE HAS BUILT A REPUTATION FOR CUSTOMER SATISFACTION.**

Hawkeye is a leading turn-key service provider to utilities, developers and government entities throughout the Northeast and Mid-Atlantic states. Hawkeye service offerings include all aspects of overhead and underground transmission, distribution and telecommunication systems, as well as HV AC/DC converter station and substation siting, engineering, design and construction. Hawkeye has built a reputation for customer satisfaction, safety, environmental stewardship and on-time/on-budget projects.

Hawkeye, powered by more than 1,200 seasoned professionals, can assess, manage, design, maintain and construct your most ambitious projects. We strive to protect the interests of our customers while ensuring the health and safety of our employees and the public.

**Hawkeye Transmission and Distribution Services:**

- Overhead and underground transmission construction

- Structure replacement, re-conductoring, live line and bare hand work
- Underground services include complete manhole, duct and cable installation, splicing, terminations and pipe-type cable installation
- All facets of overhead and underground distribution line construction and maintenance
- 24/7 storm response services

**Hawkeye Substation Services:**

- Turn-key services for design-build projects and all civil scopes of work
- Routine maintenance including repair, replace, testing and commissioning of equipment

**Hawkeye Gas Facility Services:**

- New mainline and service installation and replacement
- Directional drilling and pipe jacking
- Service upgrades

See Hawkeye affiliate companies Bemis and Premier for a full range of Hawkeye services.

OUR EMPLOYEES ARE SKILLED IN ALL ASPECTS OF CONSTRUCTION MANAGEMENT, ENABLING US TO PROVIDE TURN-KEY SERVICES TO OUR VALUED UTILITY, INDUSTRIAL AND MUNICIPAL CUSTOMERS.

(Services, continued)

- Pipe insertion
- Meter and regulator replacements
- Appliance relights
- Live gas tie-ins
- Leak detection, locating and repair
- Cathodic protection services
- Valve inspection and maintenance
- Permanent restoration

#### **Hawkeye General Construction Services:**

- Road, cellular tower, landfill construction
- Site work
- Saw cutting and asphalt paving
- Drainage, septic, leachate collection and capping

#### **Hawkeye Power Generation Services:**

- System improvements, refurbishments and upgrades

- Site development including clearing, grading excavation, drainage, foundations, manholes and ducts and erosion control measures
- Complete electrical and mechanical installation including control and instrumentation installation, testing and start up, switchyards, switchgear, piping and tubing

#### **Hawkeye Commercial/Industrial Electric Services:**

- Power generation and industrial facilities, specializing in high voltages
- Site power, lighting and protection services
- Municipal projects
- Installation of distribution, TVSS and grounding systems

#### **Hawkeye Example Projects:**

- Design-build of a 54 MW peaking plant in Greenport, NY. Project included complete turn-key services from site preparation to testing and startup. Entire project was

completed in less than 100 days from land clearing to the first fire of the gas turbines.

- 20 miles of rebuilt and upgraded 115kV transmission lines installed in environmentally challenging right-of-way in upstate New York.
- 94 miles of new fiber optic cable installed along existing overhead transmission system in Maine.
- Complete electrical construction of two DC to AC converter stations (separate projects) for large international OEM prime contractors; one station was 330 MW and the second was more than 600 MW.

#### **ENERGY SOLUTIONS YOU CAN RELY ON**

Infrastrux Group is a premier national provider of electric power and natural gas transmission and distribution maintenance and construction solutions. By combining a shared strategy with decentralized execution, Infrastrux enables each company to benefit from the greater resources of the group while maintaining a commitment to local concerns and customer requirements. Our services range from turn-key solutions to highly specialized projects, each performed with careful attention to the highest-quality safety standards.
